

Legislative Program

Lois Moore, Chairman

Bulletin #4 – January 2023

I would like to take this opportunity to wish everyone a Happy New Year and thank you for your hard work during the first half of the 2022-2023 “Boots on the Ground for Our Veterans” Auxiliary year!

To all Auxiliaries that were reported by December 31st in the Legislative Program, THANK YOU! For those Auxiliaries who have not yet received your X’s on the X-sheet, let’s get your reporting done as soon as possible. The November elections have come and gone and I know many of you went out to vote, worked at the polls, provided rides to the polls, or other election-related activities. These are all reportable. So, please, take the time to go online to the Department website

(www.vfwauxiliaryil.org) and complete an online Legislative report form or, if you prefer, your Auxiliary may complete a paper report form and mail it to the Legislative Chairmen’s address listed in the 2022-2023 Department Roster.

Thank you, again, for everything you are doing and have done to make the Legislative Program one that is helping our Veterans!
